

CRU e-News

The Management Committee of CRU is delighted to announce the appointment of Margaret Rodgers to the position of permanent Director. Marg will be well-known to many throughout Queensland and beyond. She has a long history of working alongside people with disabilities and families in many roles and contexts. Marg displays all the qualities CRU is seeking in a new leader. She has the values, the depth of experience with people with disabilities and families, the understanding of the issues, and is well equipped for this leadership role.

CRU is now ready for the next stage of its re-visioning, building on where we have come from and moving forward to where we are going. We warmly welcome and congratulate Marg and look forward to working with her as we take up the challenges ahead. Marg will formally commence with CRU on 3rd August 2009.
